## When I Feed My Baby

I LOVE to feed my baby. It seems somehow something more than just fixing his bottles and giving them to him.

It seems like giving him actual health—watching his cheeks grow pink, watching his little arms and legs fill out and dimple, watching him sleep better and smile oftener as he grows stronger and takes a firmer grip on life.

It was our old doctor who said, "Try Nestlé's. You know he must have milk in some form—and Nestlé's is a food made out of pure milk, only the curd of the milk is broken up and made easier to digest."

"It has already added to it just the right amount of sugar—just the right amount of sugar. It comes to you a clean, fluffy powder in an air-tight tin—all you have to do is add water and boil. There are notes of the purest dangers of raw milk—it is the nearest

thing I know to mother's milk itself."

And now I love to feed my baby with those warm, full bottles of the food that have taken away fear from my heart.

I know the Nestlé Company will be glad to send you enough for twelve feedings and a Mother's Book by specialists on how to take care of your baby, if you will fill out and send the coupon below. They want you to feed your baby with health and happiness.

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestlé's has won the trust of three generations and has today the largest sale of any baby food in the world.

**FREE! Enough Nestlé's for 12 feedings. Send the coupon!**

## Don't Prod Your Liver To Action

**Try NR.** It strengthens organs of digestion and elimination, quickly overcomes biliousness, acts gently, pleasantly, thoroughly. You feel fine.

**NR Today—Relief or No Pay**

It should be remembered that the organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied and that the proper action of any of these organs is largely dependent upon the correct functioning of all the others.

Now instead of "whipping" your liver into action with cathartics or forcing your bowels with strong cathartics, try the better, safer plan of strengthening and setting up the whole digestive and eliminative system with Nature's Remedy (NR Tablets) and you will not only get immediate relief, but genuine and lasting health. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliousness, corrects constipation and quickly relieves side headache.

Millions of people have learned this and resort to Nature's Remedy whenever the first sign of biliousness or constipation is felt. Five million boxes are used every year.

Get a 25c box and try it with the understanding that it must give you greater relief and benefit than any laxative or cathartic you ever used or pay no money. Nature's Remedy (NR Tablets) is well guaranteed and absolutely safe.
